Criterion 4 - Infrastructure and Learning Resources

4.2: Library as a Learning Resource

4.2.1: Library is automated with digital facilities using Integrated Library Management System (ILMS), adequate subscriptions to e-resources and journals are made. The library is optimally used by the faculty and students

Library is a 'Heart' of Institute. Teaching and learning system are supported by library through reading material. Books have always been a source of inspiration to many and so do the libraries that equip them. Libraries play a very important role in the development of the society. There is a give and take relationship between the libraries and the society. What it gives to the society gets back manifold and this process continues hence a library is said to be a growing as well as a developing organism. In this information age, libraries have a challenging role to play.

As per UGC norms Library committee is formed where the Principal is the Chairman, Librarian as Secretary and 3 members representing Teaching Staff, Administrative Staff and Students. The committee takes responsibilities on acquiring the materials, and other activities relating the development of the library under the chairmanship of the principal. Being a growing organism, library is trying to increase and fulfil the requirement of the target users so as to obtain their right information. The number of Collections at present is:

- Total Number of Books: 4464
- Total Number of Journals Subscribed: 10
- Total no of newspapers: 2
- Total no. of e-books and resources: more than 10000.

Collection of Library resources are arranged in a systematic way. All library books were technically classified using 'Dewey Decimal Classification' (DDC) system. New arrivals of books, Journals and Newspaper are properly displayed.

Books are kept in an open access so that users may search their required materials easily. Regular dusting and cleaning is done properly. Circulation Service is the main service offered by the library, charging and discharging is done through the system using standard library Card. Library Card is issued to students and faculty members and the students are allowed to keep the 3 books for 15 days and 10 books for faculties for one semester. The library has computer connected with LAN network. Library is providing through dynamic Library Website Open Access of library for all users. We have an inter-library linkages with other college libraries.
